Cramond Primary School

Guidance on accessing Teams in the browser using an iPad

1. Go to Settings 14:15 Tue 2 Jun
? 92%
 Safari Settings Frequently Visited Sites Contacts 2. Select Safari Favourites > **Favourites** Calendar Show Favourites Bar Reminders Block Pop-ups FaceTime Downloads iCloud Drive > Maps Measure TABS Show Tab Bar Show Icons in Tabs News Open New Tabs in Background Stocks Manually > Close Tabs Shortcuts Allow Safari to automatically close tabs that haven't recently been viewed. PRIVACY & SECURITY TV

Prevent Cross-Site Tracking

3. Turn off 'Prevent Cross Site Tracking'

Photos

4. Make sure once you have done this, you completely close and restart safari. This should now allow you to access Teams in your browser.
